**PACKSOL**

# PACKSOL

Od 2009. kada je osnovan, Packsol se razvio u relativno velikog regionalnog proizvođača plastične ambalaže za prehrambenu industriju.

#### **Važni datumi:**

- 2009. početak proizvodnje Odeljenja u okviru kompanije Polimark
- 2013. godine započinje poslovanje kao nezavisna kompanija u okviru tada Polimark a sada Unisol Grupe.
- 2016. godine Packsol preuzima upravljanje proizvodnim procesima kompanije Banatplast a.d, čime uvećava proizvodni portfolio i dislocira deo svoje proizvodnje.

Sa proizvodnim halama od 900m<sup>2</sup> u Zemu i 6200m<sup>2</sup> u Plandištu, koje raspolažu najmodernijom tehnologijom i opremom za preradu termoplasta brizganjem, duvanjem u kalupima, ekstruzijom, termoformiranjem i štampom i sa kapacitetom od preko 200 miliona komada godišnje, Packsol predstavlja ozbiljnog partnera i dobavljača ambalaže za vašu industriju.

#### **Naš proizvodni program uključuje:**

- PET i PS troslojne folije
- PP i PS čaše i posude za mlekersku industriju
- PET boce različitih oblika i dizajna, do 2,5l zapremine
- PET ambalažu za jednokratnu upotrebu
- PET ambalažu za konditore
- PP / PE brizgane zatvarače, čašice, poklopce, IML kantice
- PET pretforme sa uljnim i PCO navojem

Proizvodnja plastične ambalaže odvija se u skladu sa zahtevima standarda ISO 22000. Packsol raspolaže sa adekvatnom strukturom visoko kvalifikovanih radnika za rad na mašinama svetski poznatih proizvođača, kao što su: Husky, Netstal, Arburg, Kuhne, Illig, VanDam i MagPlastic. Poslovna politika preduzeća je da se u skladu sa mogućnostima prate svetski trendovi i ide u korak sa novim tehnologijama u oblasti proizvodnje ambalaže. U tom smislu se posebna pažnja poklanja ne samo na tehničko-tehnološku opremljenost već i na stručno osposobljavanje i obučavanje zaposlenih.

Mi smo uvek spremni na inovacije, poboljšanja u kvalitetu i dizajnu ambalaže. Naši polimerni tehnolozi su ovde, spremni da pomognu u izboru materijala i razvoju različitih modernih i kvalitetnih pakovanja.

# PACKSOL

## Production of packaging

Since 2009, when it was founded, Paksol has grown into a relatively large producer of plastic packaging for food industry in the region.

### Important dates:

- 2009. – start of production as Department inside the company Polimark
- 2013. – begin operations as an independent company within the n Polimark and now Unisol Group
- 2016. – Packsol increases product portfolio by taking over the manufacturing processes of the company Banatplast a.d.

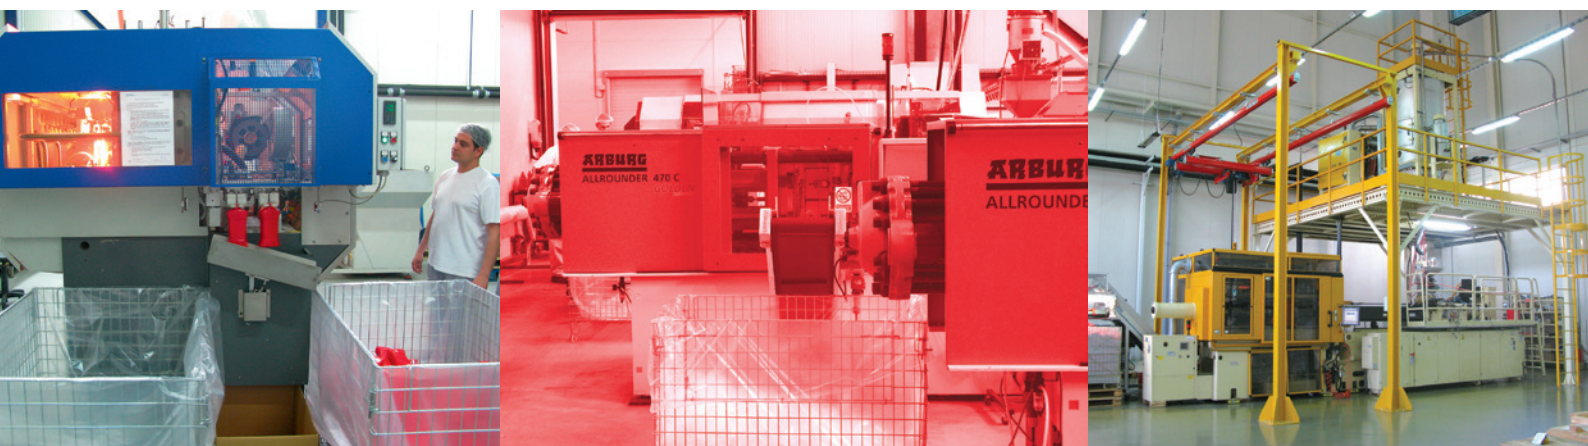

With production facilities of 900m<sup>2</sup> in Zemun and 6200m<sup>2</sup> in Plandište, equipped with the state-of-the-art technology and equipment for injection molding, blow molding, extrusion, thermoforming and printing of thermoplastics, and the capacity of over 200 million pieces per year, Packsol represents a serious partner and supplier for your industry.

### Our product portfolio includes:

- **PET and PS three-layer foil**
- **PP and PS cups and containers for dairy industry**
- **PET bottles of various shapes and designs, up to 2.5l max volume**
- **Disposable PET packaging**
- **PET packaging for confectioners**
- **PP injection molded caps, cups, lids, IML buckets**
- **PET preforms with Oil and PCO thread**

Production is carried out in accordance with the requirements of standard ISO 22000, and has an adequate profile of highly qualified workers for operating the machines and systems world known manufactures, such as: Husky, Netstal, Arburg, Kuhne, Illig etc., as well as performing their maintenance.

Company business policy is to follow world trends, and to keep up with new technologies in all areas of production, as well as with the packaging materials. In that sense, particular attention is given not only to technical facilities but also to professional education and training of employees.

We are always ready for innovation, quality improvement and improvement of the packaging design. Our polymer technologists are here, ready to help with the selection of material and development of various modern design and high quality packaging.
